SIMPLIFYING PROCESSES

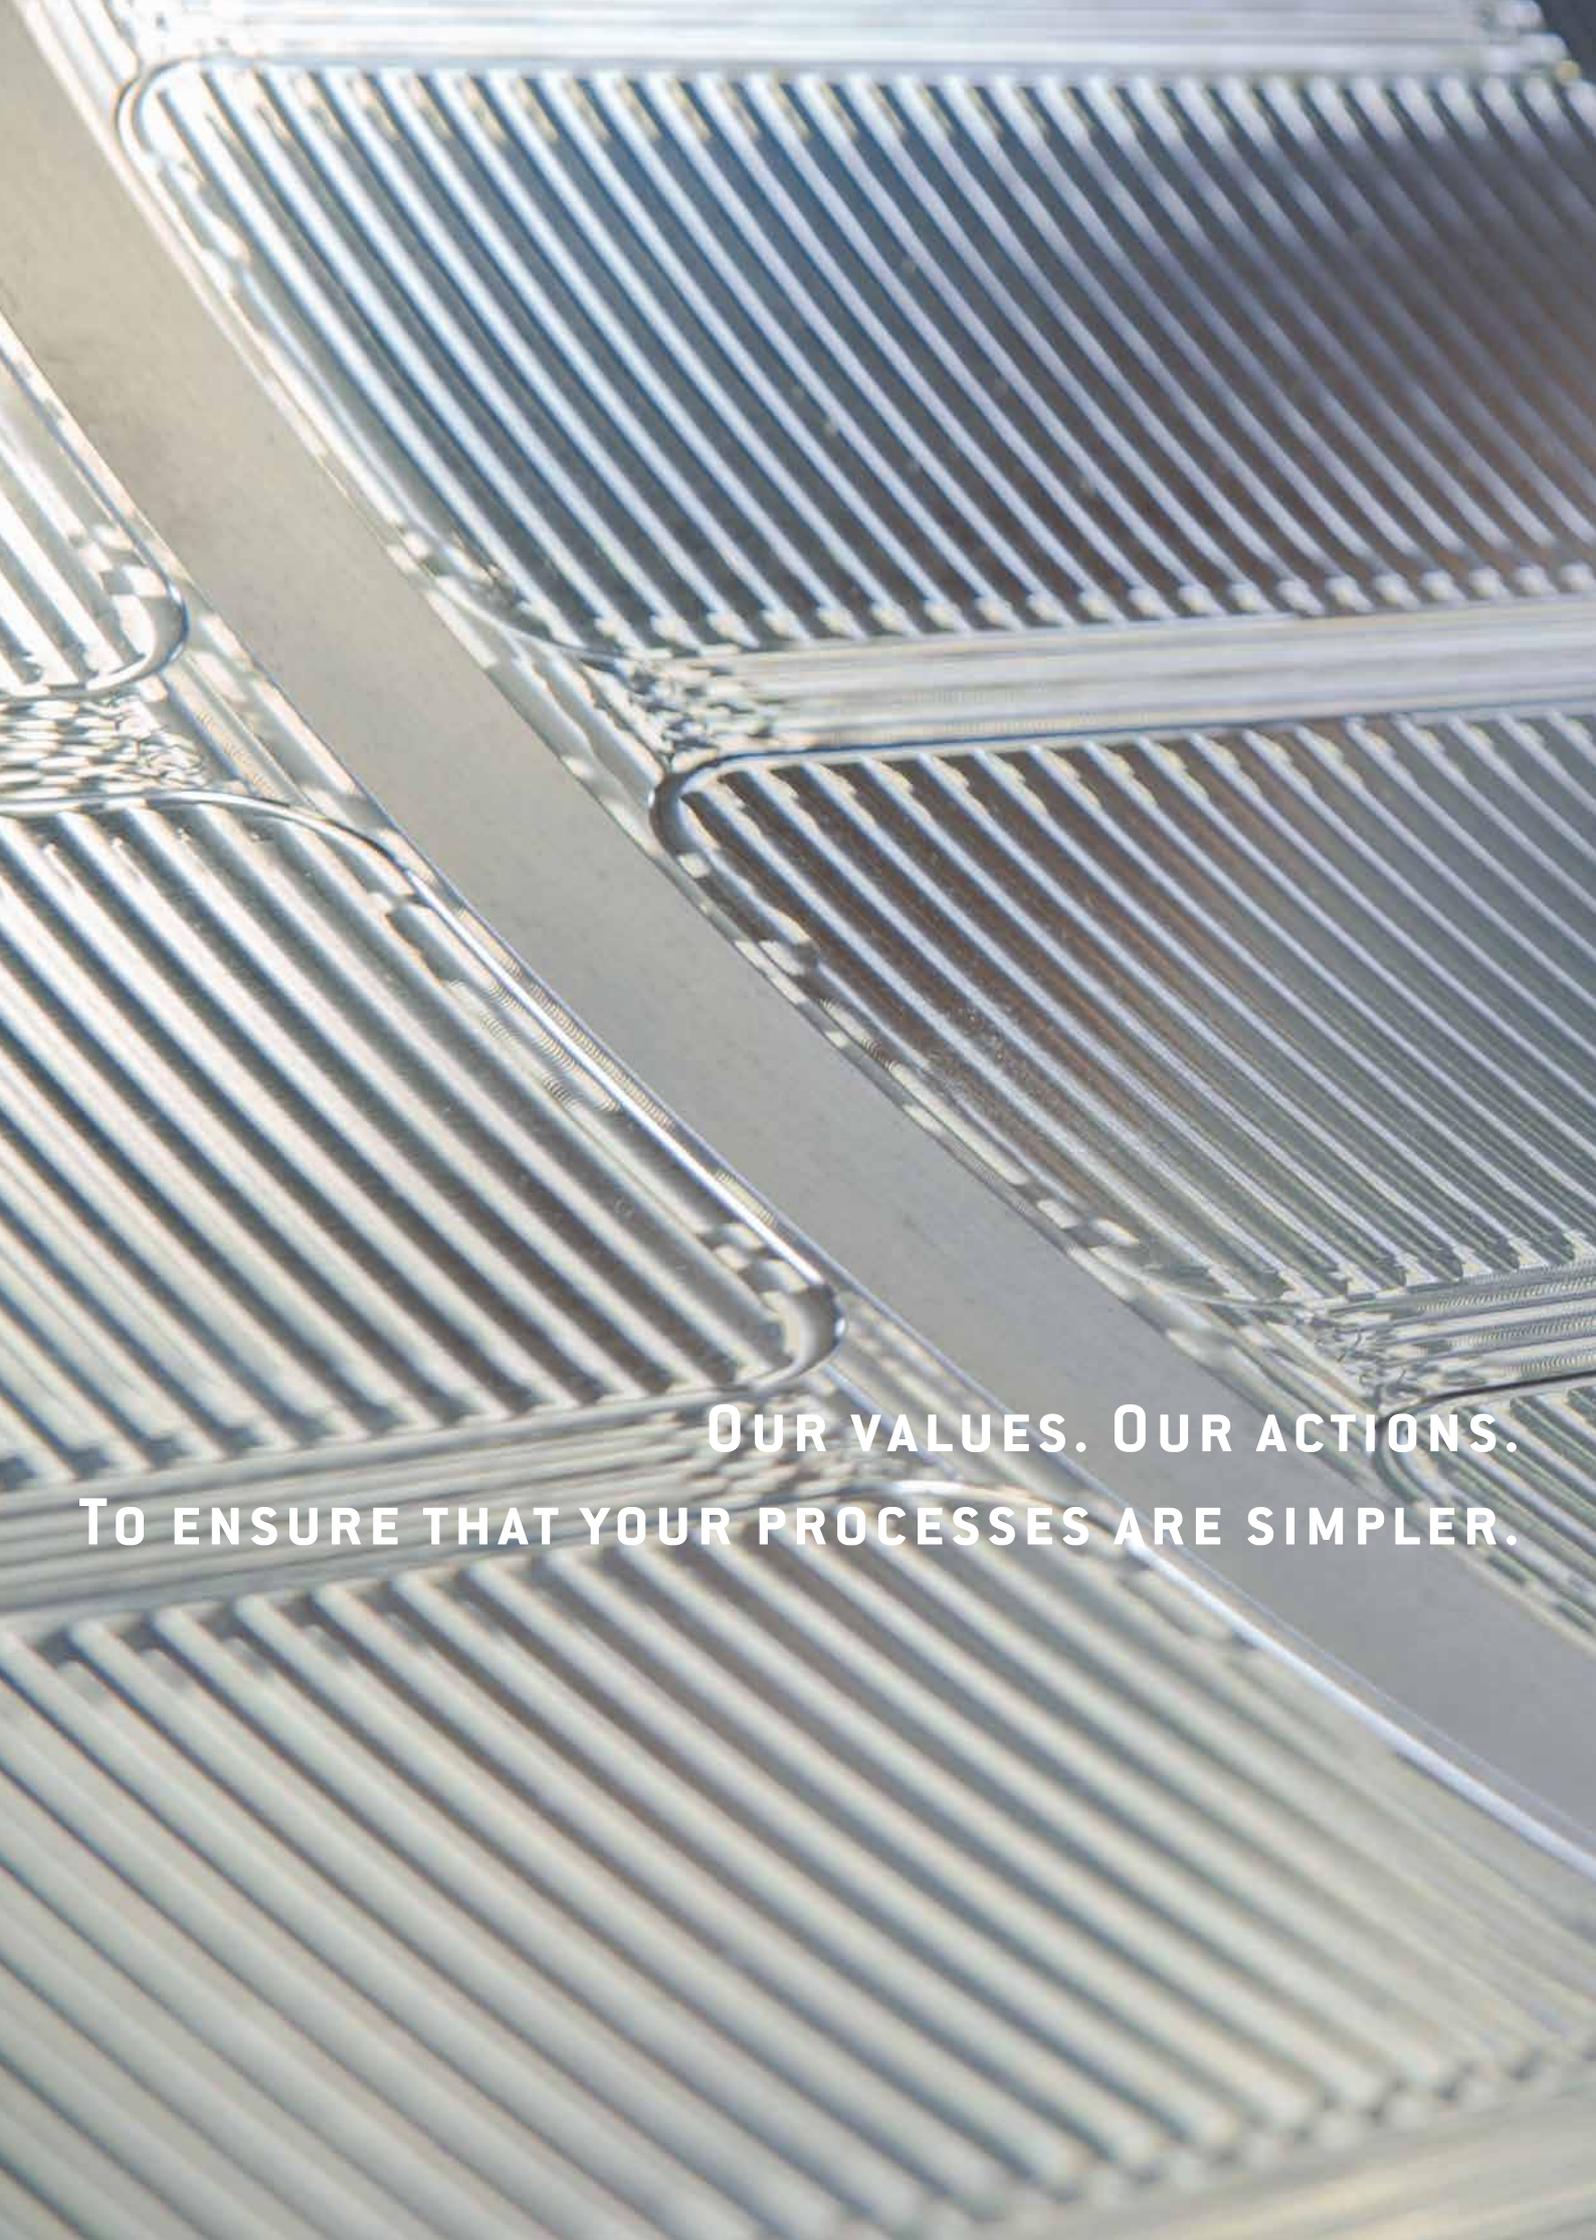

A photograph of a modern building facade. The upper portion shows a balcony with a dark corrugated metal roof supported by vertical metal posts. The balcony railing consists of horizontal metal slats. Below the balcony, the building's exterior is composed of light-colored panels and large windows with horizontal blinds. The sky is overcast and grey. In the bottom left corner, there is a small, dense bush with reddish-pink leaves.

**PRECISION WORK. FORWARD THINKING.  
TO ENSURE THAT YOUR PROCESSES ARE SIMPLER.**

Active since more than 35 years as an internationally oriented partner for companies in the automotive and Aerotec industry, LO-CAT SYSTEMS always puts emphasis on inventiveness, pioneering spirit and quality made in Germany. With innovative, customized solutions, we help our customers to make their manufacturing processes easier and thus more efficient. For this, we combine our strengths and develop them consistently. For each of our products and services should be distinguished by the highest precision and quality: True value work that we guarantee with our LO-CAT quality seal.

OUR VALUES. OUR ACTIONS.  
TO ENSURE THAT YOUR PROCESSES ARE SIMPLER.

Simplifying processes. Behind this promise are our values that are not only rooted deeply in our corporate culture, but are experienced in our lives. Every day.

#### Simplicity

We just focus on the best solution. That is the core of our philosophy. By developing and manufacturing innovative and flexible product and production systems, a fast delivery, detailed information, and not least an individual advice, we will help you to save time and money – and simplify your processes. Guaranteed.

#### Innovation

Always know what matters. That is innovation to us – consistently to this philosophy and entirely in the tradition of German engineering, we manufacture customized solutions that are characterized by precision and inventiveness. In addition, make your processes simpler.

#### Partnership

We see ourselves as partners to our customers. An open dialog, fairness and honesty are enshrined in our corporate culture from the very beginning. With individually developed solutions, a comprehensive advice and flexible services, we help you to increase your productivity.

**INNOVATION. KNOW WHAT MATTERS.  
TO ENSURE THAT YOUR PROCESSES ARE SIMPLER.**

Our trend-setting high-tech solutions are based on experience, innovation and focus on the essentials. We continuously expand our top expertise in the development of innovative technologies and processes. For instance, we are the only one to use the innovative 3D surface milling process that sustainably increases our process efficiency. Because we understand innovation not as an end in itself, but as a wise investment in the future of our customers.

**INDIVIDUAL SOLUTIONS. WITH SYSTEM.  
TO ENSURE THAT YOUR PROCESSES ARE SIMPLER.**

As a development partner to the aerospace industry, we offer you optimum solutions of the highest quality tailored to your specific requirements. Whether 3D surface milling, 3D laser scanning\* or special machine building. An in-depth, innovative consulting concept as well as tailor-made solutions that are simple and at the same time trend setting make your processes simpler and thus more efficient. So optimize your production.

\*3D laser scanning for quality assurance (and measurement of the accuracy of components), 3D digitizing, etc.

AEROSTRUCTURES SYSTEMS

**QUICKNESS. WITH SAFETY.  
TO ENSURE THAT YOUR PROCESSES ARE SIMPLER.**

Simple processes are always the best solution because they mean quickness. With safety. By this notion we understand market lead. Be first in the market. That is why our intelligent high-tech solutions are geared to promote your process efficiency sustainably with the „Time to Market“ goal. That is why „Simplifying Processes“ are a genuine promise. Promised.
